# TALOS: The Bronze Giant Of Crete

The school is also known as “TALOS” by the name of an ancient robot that used to live in Crete.

The myth says that he was protecting the island from the pirates. Talos had a duty to protect Crete not only from enemies but also from any kind of injustice. This shows how important justice was in ancient Crete.

The bronze hero Talos symbolises technological development in the field of metalworking in prehistoric and Minoan times.

# 11th Gymnasio of Heraklion

- Our school was founded in 1985.
- It is a Secondary Level Public School located in the coastal front of Heraklion City with approximately 200 students aged between 12-15 years old and 25 teachers. Lessons begin at **8:15** and end at **14:10**.
- Students spend 35 hours per week at school.
- Each teacher teaches one specific subject, but they may also teach another subject as long as it is related to their studies.
- Moreover, teachers may work in two or more schools during the same school year.

# Anti Bullying Reporting

11th junior high School Board is committed to ensuring that procedures are in place for dealing with a range of bullying incidents that could occur in the school environment.

These procedures are applicable to all students, staff and visitors.

It is expected that these procedures will help to prevent recurrences, thus making the school safer.

# ENVIRONMENTAL EDUCATION

Our school performs innovative environmental projects each year in order for the students to accomplish the ultimate goal of a sensitive attitude towards environmental issues and sustainable development in general.

Our school belongs to the <http://www.aeiforosxoleio.gr> school net and participates in the Greek Campaign **Let's Do It Greece. Let's Do It Heraklion**, that is held each year.
